PROJECTS VAULT

by

EZTABLISH design

What is **Projects Vault?**

1. A closed-door platform for showcasing and sourcing ***spatial projects exclusively for Designers & Journalists***

2. Secured upload of projects by registered architects and interior designers

3. Secured registration for Journalists for lifelong access

4. Access and availability for download by Journalists worldwide anytime and anywhere

PROJECTS VAULT

Projects Vault allows architects and interior designers to securely upload their projects that can be **accessed & downloaded only by vetted journalists from across the globe.**

PROJECTS VAULT

WHY?

While design **journalists** across the globe are always on the hunt for new designers & unique spatial projects, it could be challenging for them to review and process all incoming information keeping in mind the large volume of emails and projects they receive daily.

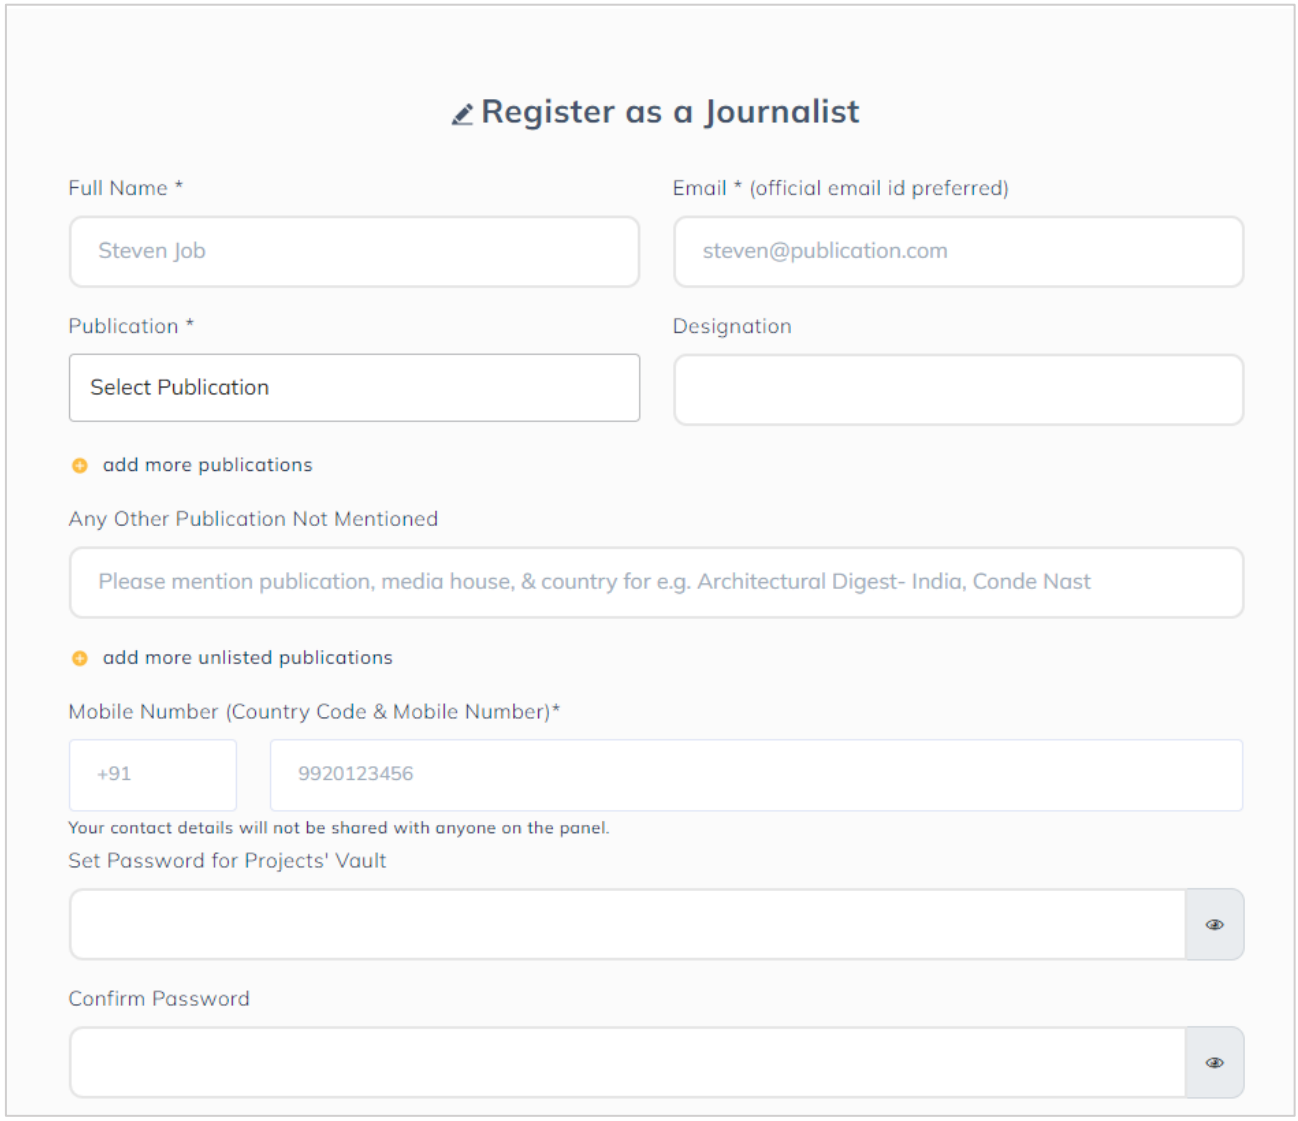
PROJECTS VAULT

Why Use **Projects Vault?**

1. One-Stop Destination for new Spatial Projects & Designer Profiles
2. Effortlessly Search, Discover and Explore new designers, projects and innovations
3. Ready High-res images, design summary and fact-files for all projects
4. Privacy of material, pictures and data of projects
5. Permanent residence for projects & designers

PROJECTS VAULT

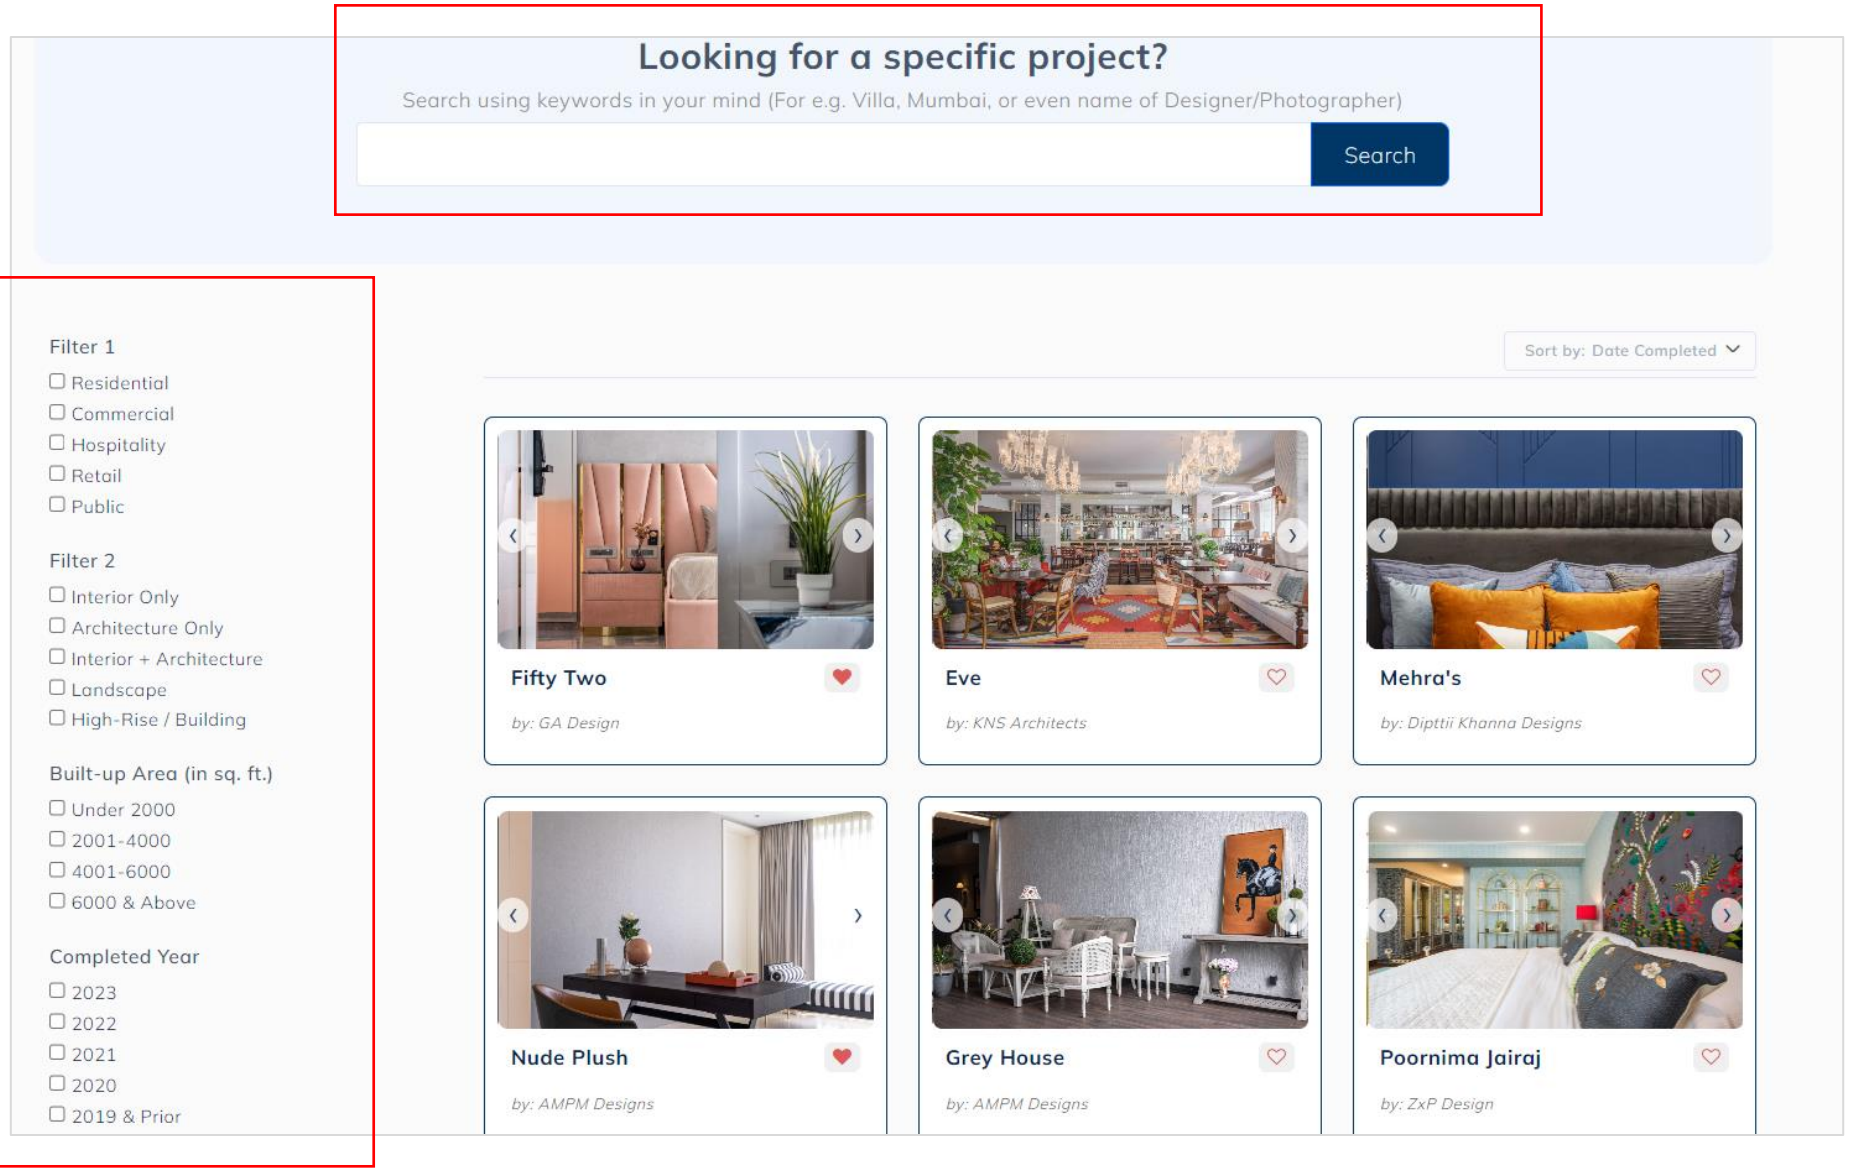
Once you have been registered and verified,



https://projectsvault.com/register-journalist

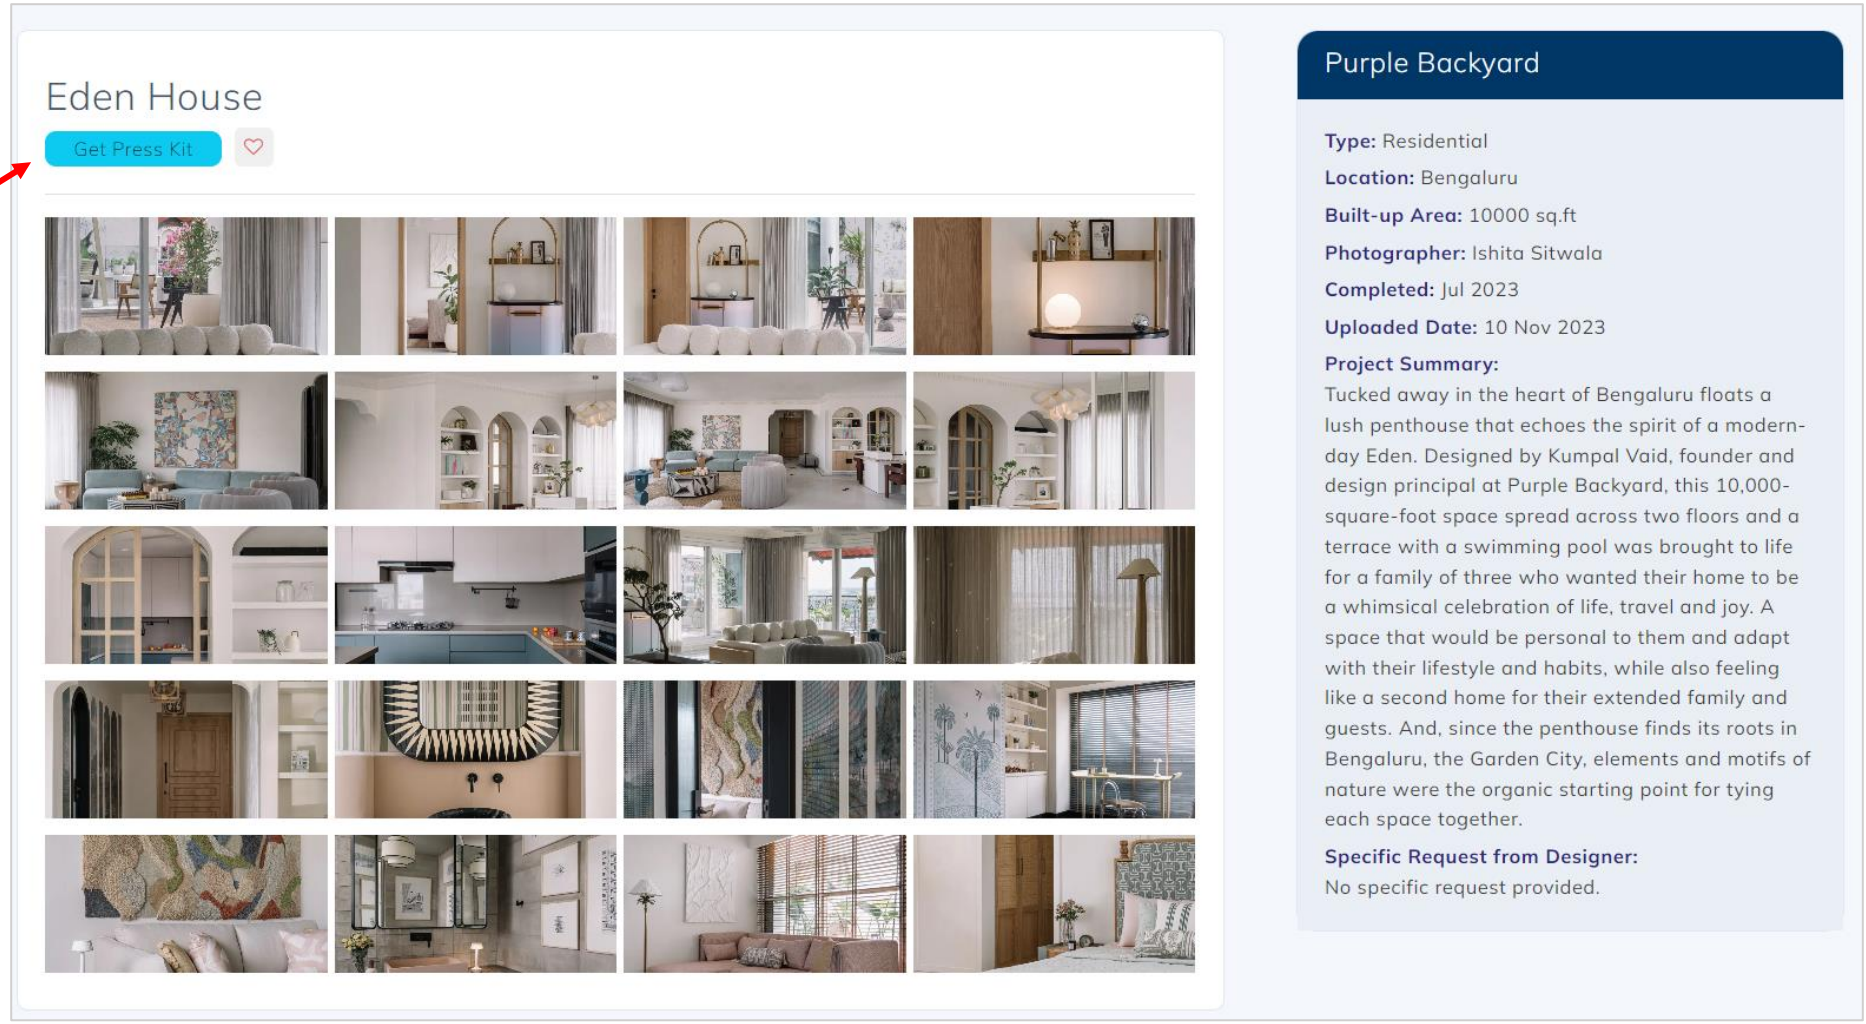
PROJECTS VAULT

you gain access to a plethora of projects with a number of filtration options.



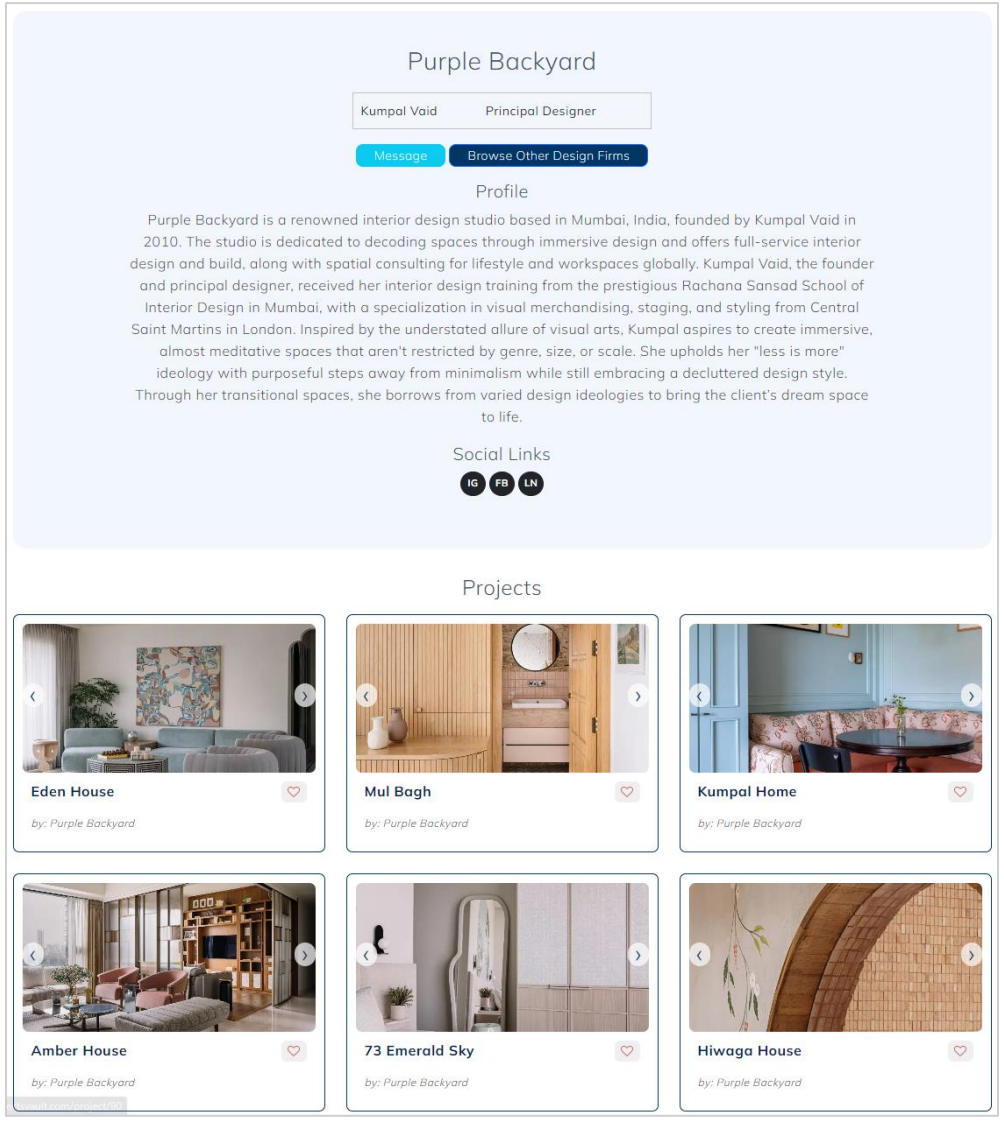
PROJECTS VAULT

You can review projects and **request for high-res images** right away! Or mark it ♡ and keep it for later.



PROJECTS VAULT

You can also review the designer profiles and connect with them via the message option.



PROJECTS VAULT

All uploaded projects & profiles remain on the platform **permanently** and are available for the journalists to be reviewed and accessed at any time!
